Experience

Software Development Engineer in Test
Washington Secretary of State – Remote – April 2023 to March 2024
I wrote 100+ regression tests for the Washington State Corporations and Charities System, that resulted in automatically finding systems that stopped working, bringing site reliability up all using C# and Microsoft Playwright.

Associate Solutions Developer
Eventcore – Ballard, WA – February 2019 to April 2019
Helped create the registration page for Microsoft's 2019 Build event, allowing users to register for the event using .NET, CSS, and SQL.

Summer Games Done Quick 2017
Flew to Minneapolis to speedrun Half-Life 2, helping raise over $1.7 million for Doctors Without Boarders.
